

## ***JAL Introduces two New In-flight Beverages during Summer***

~Welcome back, SKY TIME KIWI-JAL's original drink~

~Champagne ALEXANDRA 2004 to be introduced in International First Class~

**TOKYO June 26, 2014:** Japan Airlines (JAL) will introduce new in-flight beverage service below in July.

### **SKY TIME KIWI to be served on both international and domestic flights**

From July 25, 2014, we will change the flavor of SKY TIME, JAL's original drink, on all domestic and international routes, and serve SKY TIME KIWI.

SKY TIME KIWI, the original flavor of SKY TIME, was served between 1992 and 2004 on JAL flights. In response to requests from many customers, "I miss the original kiwi flavor of SKY TIME," we have decided to bring it back.

We hope you enjoy our unique beverage with the refreshing, clear taste of kiwi.

### **New Champagne in International First Class**

JAL will serve *Champagne ALEXANDRA 2004* in First Class on its international routes from July 1 to August 31, 2014.

Bernard de Nonancourt took the opportunity of his elder daughter Alexandra's marriage in 1987 to create this vintage rosé champagne, which expresses the very highest standards of the House.

It is made from carefully selected grapes from the most prestigious Champagne village or crus. Alexandra 2004 shows great minerality. Its soft, dry texture leads into a long finish indicative of berry fruit.

Passengers travelling on our First Class are indulged with the high champagne "ALEXANDRA 2004" with more delectable in-flight meal from "Restaurant in the Sky".

\*ALEXANDRA 2014 will be served on inbound flights from July 2, 2014.

\*The ending date of this service is subject to the stock.

JAL continues to embrace new challenges to bring passengers a unique and completely refreshing onboard experience on every journey.

END
