

JAL to Enrich the Booking Services of Hotels and Cars on Its Overseas Website ~JAL strives to provide worldwide visitors with the most convenient service~

TOKYO August 14, 2014: Japan Airlines added a new “Hotels, cars and more” section to its overseas website (www.jal.com) in 26 regions. With adding new reservation services from partner companies, JAL wants to provide customers with more options for the worldwide hotel booking, including hotels in Japan. Additionally, reservation service for car rental is available on JAL’s overseas website. Not only flight reservations, customers from worldwide can book their hotels, cars and other services for their trips more conveniently on JAL’s overseas website.

JAL will expand cooperation with various partner companies to deliver most convenient and comfortable experience to overseas visitors during their stay in Japan. The airline is continuing to embrace new challenges, by providing innovative products and high-quality services to welcome more international tourists to visit Japan.

1. New Reservation Services

Hotel: JAL Hotels, Hotels.com, Booking.com, Agoda

Car Rental: Times Car RENTAL
