

## **Winter Travel Reminder - Flight Schedule Changes**

Dear Travel Partners,

During the upcoming winter season, we expect many flight schedule changes not only for Japan Airlines but also other airlines that are included on the Japan Airlines tickets. Affected records will be accommodated accordingly and will be placed in your respective GDS queue boxes. We kindly ask for your assistance in checking these queues and taking necessary actions in order to prevent any inconvenience to the passengers.

Thank you for your continued support of Japan Airlines.
